## ROSE HIP SEED CLEANSER

To strike a balance between removing dirt and regenerating lost skin cells. SST's SKIN Rose Hip Seed Cleanser uses the ingenious ingredient: Rose Hip Seed Oil.

Rose Hip Seed Oil is an active ingredient that offers extensive benefits to the rejuvenation process and maintained health of your skin. Rich in Vitamin A, C, E and F, it helps influence collagen growth which helps to reduce wrinkles and restore a firmer, smoother and younger looking appearance.

Included in a deep cleansing gel, SST's SKIN Rose Hip Seed Cleanser helps deliver skin nourishing, and collagen boosting vitamins in an invigorating and rejuvenating wash.

### benefits

- Provides thorough and deep cleansing
- Delivers collagen boosting Vitamin A to the skin
- Helps with the healthy regeneration of skin cells
- Delivers skin nourishing nutrients to maintain healthy skin

### ingredients

Purified Water (Aqua), Sodium Olivata, Glycerin, Rosa Rubiginosa (Rose Hip) Seed Oil, Eriobotrya Japonica Extract, Chondrus Crispus (Seaweed) Extract

### directions

Wet face with warm water. Dispense Rose Hip Seed Cleanser into your hand and massage onto your face in a circular motion, working into lather. Avoid the eye area. Rinse thoroughly with warm water.

CLEANSERS

## how it works

Rosehip Seed Oil is a pressed oil extract, taken from the seeds of the wild rose called *Rosa Rubiginosa*. This rose is unique as it has a very high vitamin A, vitamin C and vitamin E content.

Vitamin A helps maintain a normal skin balance by stimulating collagen growth. An increase in the quantity of collagen fibers and organized arrangement of these fibers helps boost the elasticity of the skin. This results in a firmer, smoother and more youthful complexion.

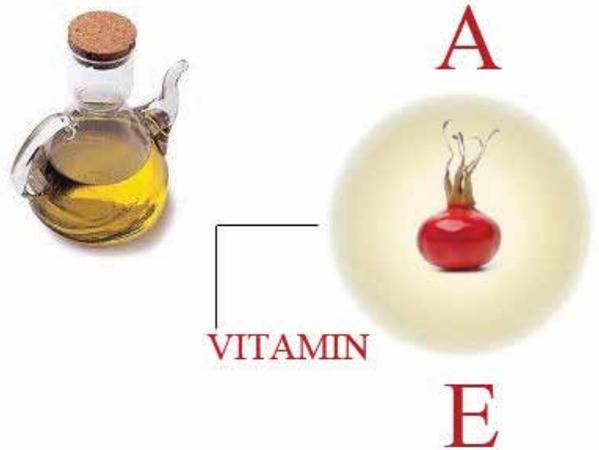

Vitamin A also helps with the proliferation of epidermal keratinocytes. These defensive cells help protect the skin against the elements, pollution and free radicals.

Rosehip Seed Oil contains essential fatty acids and vitamin E, which are important in maintaining healthy skin, as well as Linoleic Acids which are integral skin nutrients.

SST's SKIN Rose Hip Seed Cleanser is professionally formulated to balance the skin's natural pH balance, in a deep wash that lifts dirt and impurities from the skin pores, while delivering all the regenerative benefits of Rose Hip Seed Oil. With its skin reviving benefits it's an excellent choice for your everyday cleanser.

Rose Hip Seed Oil contains high levels of Vitamin A, Vitamin E and Vitamin C
